East Elmhurst, NY 11369

**Course Includes:** Comprehensive Student Workbook, lunches and refreshments. Dri-Eaz's New Guide to Restorative Drying will be available to students for FREE (retail: \$150.00)

**Ken Larsen, CR, WLS**, is the Director of Education for Midwest Training Services. Mr. Larsen's 30+ years in the restoration industry includes 20 years as an independent restoration business owner, environmental consulting work, contents restoration and software development for the

professional water damage restorer and Business Development Director for DKI. He has been published in many international publications with a heavy focus on the world of water damage restoration and the science of drying.

Mr. Larsen's style of education provides for an extremely relaxed and open venue where questions and comments are welcomed. This course is very attractive to those that want more than just a "certification". This course is best for those that want to understand the science behind making water change phase from a liquid to a gas. See you there!

### Course Highlights:

- Responsible antimicrobial use
- Health and safety basics
- Moisture Meters and Sensors
- Calculating equipment needs
- **Basic evaporation physics**
- Student case studies
- Sewage Loss protocols
- Documentation Elements
- Scoping the Loss

**Additional fee of fifty dollars for certification required. Checks or credit cards payable to IICRC are required for those wishing to be IICRC, WRT Certified on the last day of the course.**
